## **PADI Reactivate and Scuba Refreshers**

Haven't been scuba diving lately? Feeling a bit rusty? The Reactivate program is just the refresher you need to brush up on your knowledge and skills. A PADI Professional will get you in the water having fun and feeling comfortable again. It's quick and easy, and a good way to prepare for your next PADI course or get ready for adventure on a diving vacation.

You'll go over important dive safety concepts, dive planning essentials and problem management. Your instructor will have you practice putting your gear together and doing a pre-dive safety check with your buddy. In the water, you'll review all the basic scuba skills with a focus on good buoyancy control.

At Y-kiki Divers, we offer custom reviews based on how long you've been out of the water, level of experience in combination with overall comfort.

- For certified divers, complete your knowledge reviews online with the PADI Reactivate curriculum. Price is \$150.
- If you've been out of the water for 5-10 years and you have fewer than 15 logged dives audit (sit-through) an entire Open Water Class/Pool weekend. Price is \$250.
- If you've been out of the water for more than 10 years and you have fewer than 10 logged dives Y-kiki Divers offers a private 1-day review with an instructor. Price is \$300.

***Prices include online course materials, classroom, pool session and rental equipment (excluding mask, fins, snorkel and boots).***
