

PADI Divemaster Course

January 2019

When you **Join the Tribe** by becoming a PADI Divemaster, you align yourself with the largest and most respected dive tribe in the world – PADI Professionals. These are PADI Divemasters and Instructors who share a passion for diving, common values and an active concern for the health of the world’s underwater habitats. The fact that you are considering this step says that you love diving and helping others. We at Y-kiki Divers look forward to working with you on your journey.

How can you Join the Tribe of PADI Pros? By joining Y-kiki for our PADI Divemaster course, where you’ll expand your diving knowledge, hone your skills and increase your confidence. Then, as a PADI Divemaster, you’ll use these attributes to **lead**, **mentor** and **motivate** other divers.

In the PADI Divemaster course, you’ll work closely with Y-kiki instructors who will help you develop your leadership abilities, qualifying you to supervise dive activities and assist other instructors with student divers. PADI Divemaster is the prerequisite certification for both the PADI Assistant Instructor and PADI Open Water Scuba Instructor certifications.

During the PADI Divemaster program, you learn dive leadership skills through both classroom and independent study. You complete water skills and stamina exercises, as well as training exercises that stretch your ability to organize and solve problems as well as help others improve their scuba. You put this knowledge into action through a structured internship or series of practical training exercises.

Prerequisites:

- Certified as a PADI Advanced Open Water Diver and PADI Rescue Diver (*or qualifying certification from another training organization*)
- 18 years old
- Logged 40 scuba dives
- Completed EFR Primary and Secondary Care training within 24 months
- Medically evaluated and cleared for diving by a physician within 12 months
- As a professional, we expect candidates to own their own equipment

Certification Requirements:

Divemaster candidates meet course performance requirements and:

- Complete knowledge development segments including Knowledge Reviews in the PADI Divemaster Manual or through the Divemaster Online, and pass the Divemaster Final Exam.
- Create an Emergency Assistance Plan for a designated dive site.
- Complete waterskills exercises.
- Complete a diver rescue assessment.
- Complete the dive skills workshop and assessment.
- Complete practical application skills.
- Complete divemaster-conducted programs workshops.
- Complete practical assessments.
- Meet the professionalism criteria.

At time of certification, verify candidate has:

- Logged at least 60 scuba dives including experience in night diving, deep diving and underwater navigation.
- Completed EFR Primary and Secondary Care training within 24 months.
- Read and agreed to the PADI Membership and License Agreements.
