ROCIO DEL MAR
LIVEBOARD

Explore Baja!

Twice a year the Rocio del Mar offers a trip that covers all of Baja California – a repositioning trip. We chose the Fall schedule – a 13 day adventure – where will begin in Puerto Peñasco and disembark in San Jose de Los Cabos. Experience what very few people have. A journey where there are no roads, very few people and almost no boats. The stars at night are so close that you can reach out and are surprised that you cannot touch them.

During the day we move from one island to the next, diving 3 to 4 times daily. Exploring one island to the next is a magical experience... one that will linger in your memory for years and years to come. The Sea of Cortez remains a secret oasis where the desert meets the sea. The bio-diversity between the Northern and Southern Sea of Cortez is incredible. Diving the entire Baja is spectacular. The sea life we witness on the surface from the boat, dingy or snorkeling is fantastic. Dolphins, sealions, pilot, humpback, blue, fin, sei, orca and sperm whales. Flying mantas, blue and brown footed boobies, cormorants, frigatebirds and the endemic yellow footed gulls. Enjoy diving, hiking, kayaking, snorkeling and several land excursions exploring small towns and missions.

NOTE: Although the conditions in the Sea of Cortez are mostly calm, there are times that the sea is rough. Please be prepared for this type of situation.
