

Little Cayman Beach Resort is hands down one of our favorite destinations. The exceptional service and outstanding diving makes this one of our favorite destinations worldwide. The property is small and right on the water, the dive boats are staffed with an excellent crew and they offer “concierge diving”, 3 delicious meals a day, healthy wall diving and reefs, as well as additional water sports activities. National Geographic photographer, David Doubilet, calls Bloody Bay Wall “the best diving in the Caribbean”.

Concierge Diving

You will set up your gear the first time and, from then on, the dive staff will take care of your BCD and reg setup, removal, rinsing and drying. They also have a wetsuit drying area and gear lockers on the dock. Once on the boat, you'll simply walk back to the dive platform and sit on one of the 2 seats. The staff will bring your BCD rig to you. From there you simply stand up and giant stride into the water. The reverse takes place upon exiting the water. Have a seat, the staff takes your BCD off and you don't have to stumble back through the boat with your rig on. Now, that's service!
