

Dewi Nusantara

Raja Ampat *Charter dates: April 5-16, 2019*

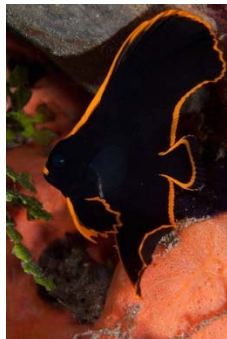

Welcome to Raja Ampat, the Realm of the Four Kings!

Located in the heart of the Coral Triangle offshore from the north western tip of the Bird's Head Peninsula on the vast island of Papua, lies the pristine Raja Ampat National Park. Quoted by many as being divers' final frontier, Raja Ampat casts a spell on all who visit: crusty sea salts, novice divers, photographers and scientists alike.

Raja Ampat boasts an astounding variety of marine habitats, which translates to wildly different diving experiences, from pelagic drift dives to magical muck sites. There are some that are even unique to Raja Ampat, such as clear water mangrove forests with brilliant coral gardens growing right next to them.

The area has hundreds of potential dive sites and exploration is still continuing. On every trip there are chances for new and amazing discoveries in one of the world's last underwater Edens.
