

Red Sea ~ Grand Sea Explorer

Brothers Daedalus and Elphinstone Itinerary

Two Charters: May 13-20, 2021 OR May 20-27, 2021

In no other sea in the world will you find such a diverse array of coral and marine life along with topside excursions that date to antiquity. Y-kiki Divers has booked TWO charters to accommodate everyone that wants to go. We'll be offering a pre-trip 3 night excursion to visit Cairo/Alexandria (the pyramids!) for the first charter and a post-trip excursion on the second excursion.

Our itinerary, the Red Sea's Brothers Islands, Daedalus Reef, and Elphinstone Reef, is simply unequalled. Part of the Marine Park, these dives will feature breathtaking underwater scenery, walls boasting huge pristine hard coral formations, sheer drop-offs covered with soft corals, and pelagic rush hour. Sightings of thresher sharks, whale sharks, schooling tuna, mantas, grey reef sharks, oceanic whitetips, and schooling hammerheads are common. On occasion, the spectacular moon fish have also been spotted.

At 134 feet in length, the *MV Grand Sea Explorer* is the epitome of luxury, intended for pampering and a level of service found nowhere else in the Red Sea. She is stable, spacious, and offers smooth cruising. Accommodating up to 22 divers, this opulent vessel has 14 staterooms split into two [very large] suites, 2 double cabins and 10 twin cabins. All rooms feature air conditioning, stereos, personal fridges, and an en-suite bathrooms with jet showers. Water temps during our trips will be 84-86 degrees and we'll be diving from 3 dive tenders.

Trip includes:

- ❖ R/T air from ORD to Hurghada, Egypt
- ❖ R/T transfers
