

WOW! Due to a cancellation, we have the opportunity to charter one of my favorite dive boats, the Rocio del Mar for a trip to the Socorro Islands during prime season! We have a chance of seeing humpback whales, mantas and a wide variety of sharks. The **Revillagigedo Islands** (Socorro is the largest island... and easier to pronounce) are a group of four volcanic islands -- San Benedicto, Socorro, Roca Partida and the Clarion Islands -- in the Pacific Ocean, known for their unique ecosystem. The islands lie 250 miles off Baja Mexico's southern shore. This trip features submerged sea mounts and cleaning stations, schooling fish, dolphins and the friendliest mantas I've ever experienced. It is truly an unique destination and the Rocio's crew offers exceptional customer service. With all the changes in travel we've experienced I can't tell you how excited I am about this opportunity.
