

Y-kiki Divers is headed to one of the most enchanting places on earth -- Galapagos! This is a combination trip where we will have the unique ability to explore both the islands on LAND and UNDERWATER while staying aboard our vessel, the M/V Aqua. These remote islands off the coast of Ecuador are nature's evolutionary laboratory and perfectly situated between the ocean currents to create a diverse ecosystem unlike any other. The archipelago contains more distinct species of flora and fauna than any other place on earth! Our longer and custom itinerary gives us the time to explore more remote islands looking for unique animal behaviors and interactions. On land, we can see the blue footed booby, Galapagos penguins, marine iguanas, sea lions and Galapagos Tortoise!

Underwater, the Galapagos Islands are even more amazing! While this is not prime whale shark season, there are plenty of shark opportunities with Hammerheads, Galapagos sharks, and white tips as well as seals, mola molas and many other big animals. We are expecting to make around 30 dives and multiple land tours! It's one of our all-time favorite destinations – you won't be disappointed!

Cost of trip includes:

- Domestic R/T flight from Quito-Baltra
- Transfers to hotel, airports and boat
- Hotel night required due to flight schedule (must arrive in Ecuador on 12/1 for early flight to Baltra on 12/2)
